

BRUNO LUBAMBO

UX/UI Designer | Design Systems | AI-Assisted Product Development

Almada, Setúbal, Portugal | brunolubamboadm@gmail.com | +55 83 9 9959-7415 | linkedin.com/in/brunolubambo | [Portfolio](#)

SUMMARY

UX/UI Designer with 4+ years of experience creating digital products that balance business goals with real user needs — from government-scale platforms to product design for startups and nonprofits. Skilled in end-to-end UX process (discovery, research, wireframes, prototyping, high-fidelity UI), Figma component libraries, design tokens, and scalable design systems. Experienced in cross-functional collaboration with developers and stakeholders in Agile environments. Currently residing in Almada, Portugal, eligible to work across the EU without visa sponsorship.

SKILLS

Design Tools: Figma, Adobe XD, Photoshop, Illustrator, InDesign, Axure, OutSystems

AI-Assisted Development: Cursor + Claude (Anthropic) — full product cycles from ideation and UX research to working prototypes and frontend implementation (Vue 3, Nuxt 3, React, Tailwind CSS) using agentic workflows and MCP integrations

Design Practice: Design Systems, Component Libraries, Design Tokens, Wireframing, Prototyping, User Flows, Information Architecture, Interaction Design

Research & Testing: User Research, Usability Testing, A/B Testing, Accessibility (WCAG), Mobile-First Design, Responsive Design

Methodologies: Design Thinking, Agile Sprints, Shape Up

Languages: Portuguese (native), English (fluent), French (intermediate)

EXPERIENCE

UX/UI Designer | CODATA – Companhia de Processamento de Dados da Paraíba | BrazilJun 2023 – Present

- Designed and implemented UX/UI interfaces for 5+ public digital services aligned with Brazil's Digital Government standards (SEAD/SECOM), improving usability for thousands of citizens.
- Created scalable Figma component libraries and standardized CSS style guides, reducing design-to-development inconsistencies and accelerating handoff cycles across platforms.
- Bridged design and frontend development teams by delivering pixel-perfect, accessible interfaces aligned with WCAG standards using HTML, CSS, and Vue 3.
- Conducted user research, A/B testing, and usability audits to drive data-informed decisions aligned with government digital standards.
- Collaborated in Agile workflows with multidisciplinary teams of designers and developers to maintain design consistency and reduce bounce rates by 30%.
- Leveraged AI-assisted development workflows using Cursor and Claude (Anthropic) to drive full product cycles — from ideation and UX research through frontend implementation — accelerating solo delivery and prototyping speed.

UX/UI Designer (Design Lead) | ASCENDynamics NFP | Chicago, USA (Remote)Sep 2023 – Jun 2025

- Led end-to-end product design for a virtual networking platform serving freelancers and startups, delivering user journeys, wireframes, and high-fidelity prototypes from discovery to handoff.
- Boosted user engagement by 30% through user-centered design, usability testing, and iterative prototyping for a dual audience of freelancers and startup founders.
- Reduced development time by 25% by creating interactive prototypes and validated UI concepts before development handoff.
- Facilitated Design Thinking workshops and brainstorming sessions with cross-functional stakeholders to align on product strategy and feature prioritization.

- Established design guidelines and component documentation to improve team consistency and onboarding speed.

UX/UI Designer (Internship) | Kreativstorm | Germany (Remote) Jul 2023 – Aug 2023

- Applied Design Thinking methodology to identify and resolve usability issues in an e-commerce context, improving the customer shopping experience.
- Designed wireframes, user journeys, and process flows aligned with UX best practices and translated business requirements into interaction flows ready for development handoff.

Copywriter & Content Strategist | Soul Rec | Brazil Jan 2022 – Oct 2022

- Managed brand communication across social media, email campaigns, and branding projects; monitored performance KPIs and delivered monthly data-driven reports.
- Grew social media presence and developed editorial calendars to maximize audience engagement and maintain brand relevance.

EDUCATION

Technologist in Advertising Production — UNIESP Centro Universitário, Cabedelo, PB, Brazil Feb 2021 – Dec 2022

UX Design — EBAC – Escola Britânica de Artes Criativas e Tecnologia Oct 2022 – Apr 2023

User Experience Research and Design — University of Michigan Aug 2022 – Sep 2022

UX/UI Design — Origamid 2023

CERTIFICATIONS

UI Design Avançado — Origamid

Ágil Scrum: Guia Prático e Definitivo — 2023

UX Strategy: Diverging and Funneling Ideas

PROJECTS

e-Leve | Customized Equipment Solutions for the Robotics Sector | 2024 – Present

- Designed an innovative website offering customized solutions for robotics, optimizing structure for clear communication, intuitive navigation, and customer conversion.
- Conducted market research to align industry needs with efficient robotic solutions.

HarmonyMind | Mental Health Support App | 2023 – 2024

- Created an app concept integrated with the public health system to provide accessible psychological and emotional support.
- Implemented an intuitive interface and personalized features to facilitate access to healthcare professionals, reducing financial and geographical barriers to mental health care.
